

The No Call list was put into place to protect our privacy and give us some PEACE and QUIET at home so that we are not bothered by telemarketers and other businesses. If exceptions are made for certain businesses or under certain circumstances then it defeats the purpose of the list. The number of people who have signed up for this list is a statement from the public showing the IMPORTANCE of this no call list to consumers. Please do NOT weaken the no call list by making exceptions, etc.
